

LANDING GEAR OVERHAUL AND REPAIR EXPERTISE

Professional Aircraft Accessories has proven capabilities in providing landing gear repair and overhaul service for a wide range of commercial, military and business aircraft (both turbine and turboprop). We also have an extensive inventory, including complete ship sets that are available for exchange. PMA capabilities and an extensive range of approved repair schemes are also available.

We support the following aircraft models:

- Beechcraft
- Embraer
- Hawker
- Lockheed Martin
- Mitsubishi Heavy Industries

Our turnaround times for standard overhauls are among the best in the industry. In addition, we offer:

- DER repairs to prevent the need for new purchases
- Large inventory of parts availability
- Outright sales and exchanges available
- 24/7 AOG service

We can address all your landing gear needs.

Contact us today at (321) 267-1040.
